Ed-Fi Certification - Availability Statement

Technology Provider   The Texas Computer Cooperative (TCC)

Product name   ASCENDER

Ed-Fi Certification Student Information Systems API v4

Can access to the certified functionality require a separate fee? No

The product functionality in the Product [referenced above] used to meet the Ed-Fi Certification [referenced above] is available in its entirety in the following geographies and product versions:

ASCENDER is a SIS/ERP software suite available by subscription through Education Service Centers (ESCs) to Local Education Agency(s) (LEAs) in Texas. ASCENDER is an all-inclusive product that does not require any additional fees for use which aligns with the expectations of Ed-Fi Certification.

Operational Windows:

ASCENDER boasts continuous availability with minimal downtime outside of maintenance windows. TSDS updates and bulk uploads are handled behind the scenes with minimal impact, ensuring workflows remain uninterrupted.

Instructions: use the space above to list the geographies and versions where the certified functionality is available. If required, geography and version information can be combined (e.g. "State of X version 9.2 and above").
